Subject: **Presidio Trust Request for Final Concurrence – No Unacceptable Soil Vapor Intrusion Risk and No Further Evaluation Determination Buildings 128A and 129B Riley Avenue, Presidio of San Francisco**

Dear Ms. Larssen:

I reviewed the Presidio Trust's letter dated August 3, 2018, requesting the Regional Water Board's concurrence that there is no unacceptable human health risk from soil vapor intrusion (VI) into Riley Avenue Buildings 128A and 129B. I concur that based on the data presented, which was collected in accordance with an approved work plan, VI into Riley Avenue buildings 128A and 129B is not a concern warranting further evaluation at this time.
